

# Andrii Yevchenko

## Frontend Developer

### SUMMARY

I am a front-end developer from Ukraine with around 2 years of programming experience. My goal is to contribute to technological advancements and help create something remarkable.

### PROFESSIONAL EXPERIENCE

#### Frontend Developer

Aug 2022 - Present

- Developed websites using HTML, CSS, and JavaScript.
- Utilized various styling approaches like Sass (SCSS), Tailwind, CSS-in-JS, and Styled Components.
- Created UI components for user interfaces and worked with animations. Also worked with Bootstrap, Material UI, Chakra UI, and Radix UI.
- Built applications using React, TypeScript, Vite, Webpack, as well as state managers like Zustand and Redux Toolkit.
- Contributed to the development of a banking application startup's website.
- Worked with forms and validation using React Hook Form, Zod.
- Set up routing with React Router and TanStack Router.
- Experience with RestAPI and RESTful API. Utilized Axios and TanStack Query.
- Collaborated in a team using Agile methodology on Azure and GitHub platforms.
- Automated deployment processes using GitHub Actions, Azure DevOps, and Vercel.
- Wrote unit tests with Jest and Vitest.
